

ProjectDailyReport - Wireframes:

Student: Parisa Nikoukar

1. Homepage wireframe:

The wireframe depicts a web browser window with a title bar and navigation icons. The address bar shows the URL 'https://projectdailyreport.com'. The page features a navigation menu with 'Project Daily Reports', 'Home Page' (highlighted), and 'Create Reports'. The main content area includes a title 'Employee's Status Report', a descriptive text box stating 'This page shows the list of last ten entered reports', and a search section with two input fields ('Enter Name' and 'Enter project title') and two buttons ('Find by Name' and 'Find by Project').

Browser Title: Title

Address Bar: https://projectdailyreport.com

Navigation: Project Daily Reports | **Home Page** | Create Reports

Section Title: Employee's Status Report

Description: This page shows the list of last ten entered reports

Search Section:

- Input: Enter Name
- Button: Find by Name
- Input: Enter project title
- Button: Find by Project

2. Create Report Wireframe:

Entering data in the Create Report Page and clicking Submit button to save it.

3. Look of the Home page after submitting the Report:

The screenshot shows a web browser window with the address bar displaying `https://projectdailyreport.com`. The browser's title bar is labeled "Title". The website has a navigation bar with three tabs: "Project Daily Reports", "Home Page" (which is the active tab), and "Create Reports".

Below the navigation bar, the main content area displays the following elements:

- A button labeled "Employee's Status Report".
- A text box containing the message: "This page shows the list of last ten entered reports".
- A search section with four input fields: "Enter Name", "Find by Name", "Enter project title", and "Find by Project".
- A large text box containing the following report details:
 - Report created by : **Linda** Created date: **10/23/2018**
 - Project name: **Standardization**
 - Completed tasks: **Standardizing budget**
 - Tasks in progress: **Standardizing forms**
 - Obstacles: **Became involved in other project**
 - Next Task: **Standardizing uniforms**

A callout box on the right side of the page contains the text: "Look of Home Page after submitting the new report".

4. Look of the Create Report Page after data validation error:

All the fields are required except for the obstacles filed, if you don't enter data in the required fields shown with * you will get data validation error and doesn't let you to save

8. Look of the home page after searching by project name:

9. Stretch feature (adding New User and New Project in the navigation bar)

The screenshot shows a web browser window with the URL <https://projectdailyreport.com>. The navigation bar includes links for Project, Daily Reports, Home Page, Create Reports, New User, and New Project. The main content area features a box titled "Employee's Status Report" with the text "This page shows the list of last ten entered reports". Below this are search filters: "Enter Name", "Find by Name", and "Find by Project". A report summary box displays the following information:

- Report created by : **Linda** Created date: **10/23/2018**
- Project name: **Standardization**
- Completed tasks: **Standardizing budget**
- Tasks in progress: **Standardizing forms**
- Obstacles: **Became involved in other project**
- Next Task: **Standardizing uniforms**

A callout box on the right states: "Look of home by adding New User and New Project as stretch features".

10. Create User page(Stretch feature)

The screenshot shows a web browser window with the URL <https://projectdailyreport.com/newuser>. The navigation bar includes links for ProjectDailyReport, Home Page, Create Report, New User, and New Project. The main content area is titled "Enter new user" and contains the following form fields:

- First Name*** (Text input)
- Family Name*** (Text input)
- Department*** (Text input)
- Email*** (Text input)

A "Submit" button is located at the bottom of the form.

11. Fill in the new user form
